2025

WHY BECOME A PARTNER OR SPONSOR OF **MAKER** FAIRE DELFT?

- Contribute to innovations for a sustainable future
- Support projects by (pre-)students, recent graduates, and young urban professionals
- Inspire young people to pursue technical education
- Invest in the workforce of the future
- Connect with students, start-ups, and creative makers

By partnering with **Maker** Faire Delft, your organization demonstrates its commitment to creativity, technology, and innovation – using them to create positive impact and value in a changing world.

Maker Faire Delft is also a unique and inspiring experience for (international) employees and potential new colleagues. Supporting the festival helps strengthen the local innovation ecosystem and increases your visibility as an employer of choice.

MAKER FAIRE DELFT: BACK WITH A NEW EDITION ON MAY 9

The first edition of **Maker** Faire Delft was a great success, welcoming over 2250 visitors. **Makers** showcased their cutting-edge projects, experimenting and innovating together with the public.

Following this success, we are excited to announce that a new edition of Maker Faire Delft will take place on May 9, with a fresh new twist.

At **Maker** Faire Delft, you'll discover inspiring projects from a wide range of makers – including researchers, start-ups, inventors, companies, musicians, students, artists, designers, and hobbyists.

2025

CELEBRATING SUSTAINABLE INNOVATION

In the Delft region, many makers – from students and researchers to creative entrepreneurs and tinkerers – are working on new ideas and experiments. The things they create contribute to a smarter, cleaner, and more joyful world.

Maker Faire Delft brings these makers and their ideas into the spotlight, showcasing them to the public and strengthening Delft's vibrant creative, technical, and innovative community.
